"peonage"?
The landowners and business men of the South have never dealt with the The landowners and business men of the South have never dealt with the negro race in the practical way that they should. We allow them to impose upon our impulses to befriend many of their race that should be held under restraint as to credit. I will make the assertion that for every dollar due the colored man by the whites in this county there are a thousand dollars due the whites by the colored. Does this look-like "peomage," Mr. Editor? We have negro landowners and merchants, but scarce, indeed, is the aid that they will extend their race further than they are secured.

Daily Queries and Answers

Some authorities think the sea-serent may be real, possibly a survival f a great Mesozoic reptile. The anial has been reported as seen of reenland in 1831; off Norway in 1819, 22, 1837; near Boston in 1816, 1817, 119, 1833, 1869; and so on. Pontoppina Norwegian naturalist, reference. of a great Mesozoic reptile. The animal has been reported as seen off Greenland in 1834; off Norway in 1819, 1822, 1837; near Boston in 1815, 1817, 1819, 1833, 1859; and so on. Pontoppldan, a Norwegian naturalist, refers to sea-serpents 600 feet long.
